NOTES

1. Bases will be provided by the home team of each game. Visiting teams should bring their set of bases as a precaution. Some fields will be providing bases and you may use the set that is there. Teams forgetting their bases or not bringing them are subject to being fined.
2. Each home team is responsible for taking care of the field after the game. Even if you are not the last game of the day. Trash will be picked up by both teams. This includes the dugout and the bleacher areas. Teams are subject to being fined if the field is not maintained.
3. Leave the fields and grounds in better shape than you find them. When raking the plate area and pitcher's mound, be sure to fill in the holes. Don't just brush the rake over the area. Also when raking the baselines, you should rake from base to base, not across the basepath. Please be diligent picking up your trash.
4. Always insert the base plugs back into the supports after you remove the bases.
5. The last game of the day should make sure the field looks great. The coaches of the high schools should come on Monday and the fields be immaculate!
6. Before leaving the fields after the last game, double check to see that all sheds and gates are secured.
7. **NO PEPPER GAMES OR HITTING AGAINST THE FENCE!** Teams are subject to being fined if caught hitting into the fence.
8. No warm ups on infield grass or in front of the dugout. Please warm up in the outfield.
9. Do not pitch batting practice from the area in front of the mound.
10. **Never** climb or jump fences, cut locks, remove gates, or similar actions to gain access to a field.

**Most combinations to the locks on each field are 6-4-3-2.
